<p>1. The expenditure of 160 AB for one theater ticket in July 1959 by me was carried out as follows:</p> <p>On Wednesday, 29 July 1959, I took [ ] the new chief of GRISKEH, and Dr. Marvin WACHMAN, the Chief of the Salzburg Seminar in American Studies at Leopoldsdorfer to the Landestheater in Salzburg for the premiere of Hochmaler's new play "Donnerstag". I felt the expenditure justified because of Headquarters interest in a possible future use of the Seminar for cover for staff or contract agents and therefore wish to maintain as good relations as possible with this institution. (See HA31-5105, 2 October 1958 for a complete report on this subject.) I wish to stay particularly close to WACHMAN because of his trip to Poland in October 1959 where he will discuss having Polish participants come to Salzburg. (If successful, these will be the first East Bloc participants to come to Salzburg other than Ingolstadt.) He has been in contact with Professor Julius ROCHFELD in addition to top officials of the Ministry for Higher Education in Warsaw.</p> <p>2. At the time of the above expenditure, the new chief of GRISKEH had just arrived, and I felt that a social occasion of this sort would improve my position, besides being useful to both parties.</p> <p>3. The question of this expenditure is a useful one to have brought up at this time, as it involves partially the problem of having a basis paper for the Base which we have discussed, outlining Salzburg Base activity; the method by which operational expenditures are to be accounted for; and whether or not there should be a representation fund for Salzburg Base. The following considerations pertain:</p> <p>a) I do not meet or entertain any recruited agent personnel.</p> <p>b) I have felt that I could best fulfill my function as I see it by maintaining certain contacts here. These have required small expenditures from time to time such as small gifts, payments for lunch, beverages, etc. I have made a list of these contacts and included them in this memorandum as Attachment #1, giving name, position held and certain remarks. To date, these have been charged to GRISKEH/Operational and GRISKEH/Support as directed by [ ] in the fall of 1958. (The expenditure described in paragraph 1 was charged to GRISKEH/Support.)</p> <p>c) The nature of all the expenditures on these miscellaneous contacts is such that it would not seem feasible to ask for specific permission in each case in advance. The opportunities for entertainment arise from the social atmosphere which does not lend itself to planning a number of weeks in advance.</p>

<p>b. There are several ways in which we can handle this matter, if we are agreed that certain of these contacts are useful to maintain an apparatus for covering any operational opportunities which may arise in the GRIMIN area or to support cover activity.</p> <p>a) We can continue to charge these expenditures to GRIMIN/Operational or Support including all those of a representative character.</p> <p>b) A new position can be established against which such expenditures can be charged, such as CIA/A.</p> <p>c) A small representation fund can be established for our purposes.</p> <p>Either a) or b) would seem reasonable. The last would not seem necessary.</p> <div style="text-align: center; margin: 20px 0;">  </div> <p>29 September 1959</p> <p>Attachment: U/S/C</p> <p>Distribution:</p> <p>2 - Vienna w/Att.
